

# OWNER'S MANUAL AERIAL DELIVERY CONTAINER #515

## **WARNING**

Aerial Delivery is inherently dangerous. Ensure all appropriate safety precautions and procedures are adhered to at all times. User shall determine suitability of container for intended use.

## **LIMITATIONS**

Aerial Delivery Container must weigh a minimum of 40 lbs. for proper parachute deployment. Internal ballast bag may be removed to allow for heavier cargo. Maximum gross weight shall not exceed 90 lbs. (cargo + container).

## **INSPECTION**

Before use, inspect all webbing and hardware for damage, wear, corrosion, and proper attachment. Ensure sling attachment nuts are properly adjusted. Sling should be free to rotate on attachment hardware.

## **WARRANTY**

LSC products are warranted to the first consumer purchaser to be free from defects in material or workmanship for a period of twelve (12) months. Please contact LSC for our complete Warranty information and Policies, or visit our website.
