

#180 Litter Skid Shoes (set of 8)

Dimensions: (inches)

Protect your investment in LSC litters with skid shoes. The sacrificial plastic shoes securely attach to the frame of our Medevac II litters and can greatly extend the service life of the litters while protecting the flooring in helicopter cabins. The skid shoes create 5.28 square inches (34 square cm) of surface area which reduces the point loading on composite cabin floors to 43 PSI.

Features:

- ✓ High Strength Polypropylene
- ✓ High Visibility Red-Orange Color
- ✓ Heavy Duty Black Tie Wraps (2)
- ✓ Double-Sided Tape for Easy Installation
- ✓ 8 Skid Shoes Add Total Weight of 5.1oz
- ✓ Fits 5/8" Diameter Tubing
