

# 215 Personnel Retrieval Strap

This device is for recovery of uninjured person from the water. The length of the strap is sufficient for use from boats having freeboard from 2 to 8 feet. The body loop is padded with closed cell foam. The main strap is constructed of Type 13 nylon webbing. The spaced hand loops provide easier, faster, and more secure lifting than using a rope.

## Technical Specifications:

### #215 Personnel Retrieval Strap

Weight

1.45 lbs (0.66kg)
