

217 Survival Vest

Lightweight & rugged nylon mesh vest is intended to be worn over the top of Type I & III inherently buoyant PFDs or anti-exposure coveralls, and provides stowage for survival equipment. Contains five (5) pockets sized to fit the equipment requirements specified in the USCG Rescue & Survival Systems Manual. Side pockets measure 5½" x 4½" x 1½" and help to distribute loads to the shoulders. Vest front has a knife pocket (see #358), strobe light pocket and utility pocket measuring 3¾" x 5¾" x 1". Custom markings are available for this product. Please call or email for details.
