

# #415 Static Discharge Cable

Attaches to hoist hook and hangs below crewman. Intended to discharge static electricity to ground. Integrated weak link (200 lb.) to allow cable to separate in the event of entanglement. The line is coated in white insulation with retro-reflective red markers for low-light visibility. The Department of the United States Army has approved the Lifesaving Systems Static Discharge Cable per the Airworthiness Release (AWR) for Rescue Hoist Equipment on UH/HH-60 Helicopters (AWR 980).
