

# 220 Trail Line Assembly, 120'

Trail lines, also referred to as taglines, are used to control and guide rescue equipment during helicopter hoist operations. The LSC Trail Line kit comes in 120 and 240 foot lengths of line, neatly stored in a rugged outer case. Stainless steel hardware. LSCs Trail Line Assemblies are **NAVAIR Approved**. Each kit contains the following:

- Line pack
- 120' of 3/8" hollow braid rope (#498) with weak-link (400-500 lbs.)
- 5 lb. shot bag
- Line handling gloves (XL)
- V-strap
