

# 450 Medevac Board

A two piece, full length, back board suited for confined space rescue. Offers compact stowage and fits inside the #404 and #406 litters. Constructed of heavy gauge aluminum with stainless steel couplers for strength and rigidity. Load capacity in excess of 300 lbs. Nonporous surface is easy to clean and impervious to body fluids. Replaceable, oversized hand straps are located to make carrying and maneuvering easy.
